## Work Experience

React JS Internee – Rapidev Nstp

2022/06 - present

### **RTMS**

- Work in RTMS (Rapid Tracking Management System) login authentication with proper role-based access and JWT token authentication with refresh token.
- Provided proper structure of frontend using generic components and proper theme management.
- We have used the Leaflet Mapping library to show markers and data on maps using different inputs.
- Showing graphical representation of different objects on maps like (Calls, SMS, Messages)
- RTMS provides overview and controls of tracking of different objects like person, vehicle, logistics and any object.
- RTMS provides a record of any specific person by filtering name and id.
- It provides different levels of searching for any specific object in a database.
- RTMS can be used in different areas of military and Police department.
- Using Slack and Jira for team coordination and task management

### **OWISENSE**

- A platform which helps security or different organizations to track any person or information.
- We have to mark a target on the based on social media platform selected like Facebook. Twitter... Instagram... LinkedIn YouTube and then we can see details about posts and different links to those profiles.

## Personal Projects

JavaScript | Dice game

- Multiplayer dice game developed using JavaScript, Html & Css.

JavaScript | Guess my number

- Guess my number game developed using JavaScript, Html & Css.
- Score implementation
- Random selection of any number.

Final Year Project | ASANI PORTAL [React JS, Node JS, MongoDB, React Native]

- A Portal designed for private housing societies that would make the life of society citizens as well as administration easier.

## Education

1. Bachelor of Computer Sciences
2. F.SC (Pre-Engr.)
3. Matriculation

*Comsats University 2022*

*Steps College 2018*

*Capital Education System 2016*

## Skills

- HTML
- CSS/SCSS
- Bootstrap
- JavaScript
- AJAX
- React JS
- Redux
- REST API'S
- Git
- GitHub
- Bitbucket
- Debugging

## Tool & Technologies

- Postman

## Courses

- Complete JavaScript Course 2022: From Zero to Expert.  
Instructor: Jonas Schmedtmann

## Activities

- Traveling
- Cricket and Tennis
- Self-proclaimed Food Critic
- Exercise & Hiking
